All Saints' Catholic High School is a small and friendly school judged by Ofsted as a good school in 2016.

"The school is improving rapidly due to strong leadership. Pupils' achievement and progress are good. Our pupils are thriving in a traditional academic approach, in a safe environment where teachers have high expectations" (Ofsted, 2016).

It is a community in which students are happy and where every child is known and valued.

This is an exciting career opportunity for an outstanding and inspirational Teacher of Design & Technology with:

- High expectations of what can be achieved
- A commitment to raising achievement and the quality of learning for all pupils
- The ability to teach Resistant Materials to GCSE level. Another specialism would be welcome.

There is the potential for a full time contract for the right candidate subject to the candidate being able to teach any other subjects and the timetable requirements of the school.

We are committed to safeguarding and promoting the welfare of young people and expect all staff to share this commitment. The successful applicant will be subject to an Enhanced DBS check.

Applications are welcome from experienced teachers and NQTs. Visits to the school are warmly welcomed by appointment.
