Family - Our Mission is Love

Pope Francis spoke often about the importance of marriage and the family.

"Today, there are those who say that marriage is out of fashion... They say that it is not worth making a life-long commitment, making a definitive decision, 'for ever', because we do not know what tomorrow will bring. I ask you, instead, to be revolutionaries, I ask you to swim against the tide; yes, I am asking you to rebel against this culture that sees everything as temporary and that ultimately believes you are incapable of responsibility, that believes you are incapable of true love."

Pope Francis World Youth Day Brazil

May your love be strengthened through the Sacrament of Marriage and become Love for a Lifetime. Thank you for giving witness to Marriage as the miracle of mutual personal respect and affection .
